11 preliminary approved on May 26, 2016 (ECF No. 1292), occur simultaneously with the claims
12 period for the settlements with the LG Chem, Hitachi Maxell, and NEC to maximize the
13 effectiveness of the campaign and to promote efficiency in claims processing, *such that the claims*
14 *period shall continue through and including Wednesday, September 30, 2017;*

15 WHEREAS, all defined terms contained herein shall have the same meanings as set forth

20 2. The Fairness Hearing shall be held before this Court on **August 1, 2017**, at 2:00
21 p.m., at the United States District Court, located in Courtroom 1- 4th Floor, at 1301 Clay Street,

24 for in the Settlement Agreements are fair, reasonable, and adequate to the Settlement Classes and
25 should be approved by the Court; whether a final judgment should be entered herein; whether the
26 proposed plan of distribution should be approved; to determine the amount of fees and expenses
27 that should be awarded to Class Counsel; and to determine the amount of the incentive awards that

1 should be provided to class representatives. The Court may adjourn the Fairness Hearing without
2 further notice to the members of the Settlement Class.

3 3. Pursuant to Rule 23 of the Federal Rules of Civil Procedure, the Court
4 preliminarily certifies, for purposes of effectuating this settlement, a Settlement Class as follows:

5 All persons and entities who, as residents of the United States and
6 during the period from January 1, 2000 through May 31, 2011,
7 indirectly purchased new for their own use and not for resale one of
8 the following products which contained a lithium-ion cylindrical
9 battery manufactured by one or more defendants or their
10 coconspirators: (i) a portable computer; (ii) a power tool; (iii) a

27 the Settlement Class meets the Rule 23 requirements for a settlement class.

28 7. The Court approves as to form and content the proposed notice forms, including the
full notice and short-form notice, attached hereto as Exhibits 1 and 2. The Court further approves
of the form of the banner notices, as well as the form of the Facebook and Twitter advertisements,
exemplars of which were attached as Exhibits 4 through 6 to the January 24, 2017 Supplemental
Declaration of Alan Vasquez (Dkt. No. 1672-4). The Court further finds that the proposed plan of

1 notice, and the proposed contents of these notices, meet the requirements of Federal Rule of Civil
2 Procedure 23 and due process, and are the best notice practicable under the circumstances and
3 shall constitute due and sufficient notice to all persons entitled thereto.

4 8. The Court further finds that the claims period for IPPs' settlement with the Sony
5 Defendants shall occur simultaneously with the claims period for the settlements with the LG
6 Chem, Hitachi Maxell, and NEC Defendants. The claims period shall commence **April 11, 2017**,
7 and shall continue through and including Wednesday, **September 30, 2017**.

15 cause the full versions of the Settlement Agreements and the Preliminary Approval Order to be
16 published on a public website, located at www.reversethecharge.com;

17 b. Beginning no later than **April 11, 2017**, the Settlement Notice

19 Exhibit 4 to the Supplemental Declaration of Alan Vasquez. The Settlement Notice Administrators
20 may modify the form and/or content of the banner notices as they deem necessary and appropriate
21 to maximize their impact and reach, as long as those modifications still reflect the substance of the
22 form annexed as Exhibit 4 to the Supplemental Declaration of Alan Vasquez;

23 c. Beginning no later than **April 11, 2017**, the Settlement Notice
24 Administrators shall provide e-mail notice, substantially in the form annexed hereto as Exhibit 1,
25 to all Settlement Class members whose e-mail addresses can be identified with reasonable effort;

26

5 judgments in the Lawsuit concerning the settlements, whether favorable or unfavorable to the
6 Settlement Class.

7 11. Class Counsel shall file their motion for attorneys' fees, costs, and service awards
8 for the class representatives, and all supporting documentation and papers, by **May 29, 2017**, or
9 fourteen days before the deadline for exclusions and objections.

10 12. Any person who desires to request exclusion from the Settlement Class shall do so
11 by **June 12, 2017**. All persons who submit valid and timely requests for exclusion shall have no
12 rights under the Settlement Agreements, shall not share in the distribution of the settlement funds,
13 and shall not be bound by the final judgments relating to the Hitachi Maxell, NEC, or LG Chem
14 Defendants entered in the litigation.

15 13. Any member of the Settlement Class may enter an appearance in the litigation, at
16 his or her own expense, individually or through counsel of his or her own choice. If the member
17 does not enter an appearance, he or she will be represented by Class Counsel.

18 14. Any member of the Settlement Class may appear and show cause, if he or she has
19 any reason, why the proposed settlements should or should not be approved as fair, reasonable,
20 and adequate; why a judgment should or should not be entered thereon; why the plan of
21 distribution should or should not be approved; why attorneys' fees and expenses should or should
22 not be awarded to Class Counsel; or why the incentive awards should or should not be awarded to
23 the class representatives. All written objections and supporting papers must (a) clearly identify the
24 case name and number (*In re Lithium Ion Batteries Antitrust Litigation*, Indirect Purchaser Action,

1 15. All papers in support of the settlements and responses by Class Counsel regarding
2 objections and exclusions shall be filed and served by **June 27, 2017**.

3 16. All reasonable expenses incurred in identifying and notifying members of the
4 Settlement Class, as well as administering the Settlement Fund, shall be paid for as set forth in the
5 Settlement Agreements.

6 17. Neither the Settlement Agreements, nor any of its terms or provisions, nor any of
7 the negotiations or proceedings connected with it, shall be construed as an admission or
8 concession by plaintiffs or Defendants Hitachi Maxell, NEC, or LG Chem of the truth or falsity of
9 any of the allegations in the Lawsuit, or of any liability, fault or wrongdoing of any kind.

10 18. All members of the Settlement Class are temporarily barred and enjoined from
11 instituting or continuing the prosecution of any action asserting the claims released in the
12 proposed settlements, until the Court enters final judgment with respect to the fairness,
13 reasonableness, and adequacy of the settlements.

14 IT IS SO ORDERED. This terminates Docket Nos. 1652 and 1672.

A Federal Court authorized this Notice. This is not a solicitation from a lawyer.

- Please read this Notice and the Settlement Agreements available at www.reversethecharge.com carefully. Your legal rights may be affected whether you act or don't act. To obtain more specific details concerning the Settlements, please read the Settlement Agreements.
- A class action lawsuit has been brought on behalf of indirect purchasers of the following products that contained Lithium-Ion Cylindrical Batteries, which is a type of Lithium-Ion Battery ("Li-Ion Battery"): (i) portable computers; (ii) power tools; (iii) camcorders; or (iv) a replacement battery for any of these products.
- Plaintiffs claim that Defendants (listed below) and co-conspirators engaged in an unlawful conspiracy to fix, raise, maintain, or stabilize the prices of cylindrical Lithium Ion Battery Cells ("Li-Ion Cells"). Plaintiffs further claim that indirect purchasers of the products listed above containing Lithium-Ion Cylindrical Batteries ("Li-Ion Cylindrical Batteries") may recover for the effect that the conspiracy had on the prices of these devices. Plaintiffs allege that, as a result of the unlawful conspiracy involving cylindrical Li-Ion Cells, they and other indirect purchasers paid more for these products and replacement batteries than they would have paid absent the conspiracy. Defendants deny Plaintiffs' claims.

BASIC INFORMATION

1. What Is This Notice About?

This Notice is to inform you about Settlements reached in this litigation, before the Court decides whether to finally approve the Settlements. This Notice explains the lawsuit, the Settlements, and your legal rights. The Court in charge is the United States District Court for the Northern District of California. This litigation is known as *In re Lithium Ion Batteries Antitrust Litigation – All Indirect Purchaser Actions*, MDL No. 2420. The people who sued are called the “Plaintiffs.” The companies they sued are called the “Defendants.”

2. What Is This Lawsuit About?

The lawsuit alleges that Defendants and co-conspirators conspired to raise and fix the prices of cylindrical Li-Ion Cells for over ten years, resulting in overcharges to indirect purchasers of portable computers, camcorders, and power tools containing Li-Ion Cylindrical Batteries. The complaint describes how the Defendants and co-conspirators allegedly violated the U.S. and state antitrust, unfair competition, and consumer protection laws by agreeing to fix prices and restrict output of these cells by, among other things, face-to-face meetings and other communications, customer allocation, and the use of trade associations. Defendants deny Plaintiffs’ allegations. The Court has not decided who is right.

3. Why Are There Settlements But The Litigation Is Continuing?

Three groups of Defendants have agreed now to settle the lawsuit – LG Chem, Hitachi Maxell, and NEC. Previously, notice was provided about a settlement reached with Sony Corporation, Sony Energy Devices Corporation, and Sony Electronics Inc. (collectively “Sony”). In paragraph 9, below, there is information about how to get benefits from the Sony settlement. The case is continuing against the remaining Non-Settling Defendants. Additional money may become available in the future as a result of a trial or future settlements, but there is no guarantee that this will happen.

4. Who Are The Non-Settling Defendant Companies?

The Non-Settling Defendant companies include: Samsung SDI Co. Ltd.; Samsung SDI America, Inc.; Panasonic Corporation; Panasonic Corporation of North America; Sanyo Electric Co., Ltd.; Sanyo North America Corporation; NEC Tokin Corporation; and Toshiba Corporation.

5. What Are Li-Ion Cells, Li-Ion Batteries, Cylindrical Li-Ion Batteries, And Finished Products?

For purposes of the Settlements:

- “Lithium Ion Battery Cell(s)” or “Li-Ion Cells” means cylindrical, prismatic, or polymer cells used for the storage of power that is rechargeable and uses lithium ion technology.
- “Lithium Ion Battery Pack” means Lithium Ion Battery Cells that have been assembled into a pack, regardless of the number of Lithium Ion Cells contained in such packs.
- “Lithium Ion Battery” or “Li-Ion Battery” means a Lithium Ion Battery Cell or Lithium Ion Battery Pack.
- “Lithium Ion Cylindrical Battery” or “Li-Ion Cylindrical Battery” means a cylindrical Lithium Ion Battery Cell or cylindrical Lithium Ion Battery Pack.
- “Finished Product” means any product and/or electronic device that contains a Lithium Ion Battery or Lithium Ion Battery Pack, including but not limited to laptop PCs, notebook PCs, netbook computers, tablet computers, mobile phones, smart phones, cameras, camcorders, digital video cameras, digital audio players, and power tools.

6. Why Is This A Class Action?

In a class action, one or more people called the “Class representatives” sue on behalf of themselves and other people with similar claims in the specific class action. All of these people together are the “Class” or “Class Members.” In a class action, one court may resolve the issues for all Class Members, except for those who exclude themselves from the class.

THE SETTLEMENTS

7. How Do I Know If I May Be Included In The Class?

The Class includes all persons and entities who, as residents of the United States and during the period from January 1, 2000 through May 31, 2011, indirectly purchased new for their own use and not for resale one of the following products which contained a lithium-ion cylindrical battery manufactured by one or more Defendants in this lawsuit or their co-conspirators: (i) a portable computer; (ii) a power tool; (iii) a camcorder; or (iv) a replacement battery for any of these products. “Indirectly” means the product was purchased from someone other than the manufacturer, such as a retail store.

The specific definition of who is included in the Class is set forth in the Settlement Agreements. The Settlement Agreements, and the related Complaints, are accessible on the website www.reversethecharge.com. Payments to Class Members may be made only: (1) if the Court approves the Settlements and after any appeals are resolved, and (2) in accordance with a Distribution Plan to distribute the

Settlement Funds to Class Members after deducting expenses, Court-approved attorneys' fees, and service awards (the portion of the Settlement Funds remaining after deducting expenses, Court-approved attorneys' fees, and service awards, is called the "Net Settlement Fund"). The Court will determine the amount, if any, that each Class Member will receive.

8. What Do The Settlements Provide?

The Settlement Fund is \$44.95 million. After deduction of attorneys' fees, service awards, notice and administration costs, and litigation expenses, as approved by the Court, the remaining Settlement Fund will be available for distribution to Class Members who timely file valid claims. The Settlements also includes non-monetary relief, including cooperation in the litigation. More details about the Settlements are set forth in the Settlement Agreements, available at www.reversethecharge.com.

HOW TO GET BENEFITS FROM THE LG CHEM, HITACHI MAXELL, NEC, OR SONY SETTLEMENTS

9. How Much Money Can I Get and How Do I Make A Claim?

At this time, it is unknown how much each Class Member who submits a valid claim will receive. Payments from the LG Chem, Hitachi Maxell, and NEC Settlements will be distributed to Class Members based on a number of factors, including the number of valid claims filed by all Class Members and each Class Member's number of purchase(s) of the following products which contained a lithium-ion cylindrical battery: (i) a portable computer; (ii) a power tool; (iii) a camcorder; or (iv) a replacement battery for any of these products, in proportion to the total claims filed and products purchased. To the extent that there is any balance remaining in the Net Settlement Fund and money is not able to be reasonably redistributed to class members, remaining funds will distributed to the Attorneys General for the class jurisdictions for use in prosecuting consumer antitrust claims. No matter how many claims are filed or how the funds are distributed, no money will be returned to the Settling Defendants once the Court finally approves the Settlements.

Previously, notice was provided about a settlement reached with Sony for \$19.5 million. The claims period for that settlement will be opened up and occur during the same time period as the claims period for the LG Chem, Hitachi Maxell, and NEC settlements, and it will also end on September 30, 2017. Payments to Class Members from the Sony settlement will be based on a number of factors, including the number of valid claims filed by all members of the Sony Class and each Class Member's number of purchase(s) of Finished Products or a replacement battery for any of these Finished Products, in proportion to the total claims filed and products purchased. To the extent that there is any balance remaining in this Net Settlement Fund and money is not able to be reasonably redistributed to class members, remaining funds will distributed to the Attorneys General for the class jurisdictions for use in prosecuting consumer antitrust claims. No matter how many claims are filed or how the funds are distributed, no money will be returned to the Settling Sony Defendants once the Court finally approves the Settlement. You must submit a claim during the claim period to receive money from the Sony Settlement.

To make a claim and get payment, you will need to file a valid claim form online or by mail by September 30, 2017. **The simple online claim form only takes 3-5 minutes for most individuals to complete. You will find the claim form at www.reversethecharge.com.** Claims may be submitted online at www.reversethecharge.com or by mail to Lithium Batteries Indirect Purchaser Settlements, c/o KCC Class Action Services, P.O. Box 43454, Providence, RI 02940-3454. The same products are not covered by all of the settlements, and thus filling out the claim form as accurately and completely as possible is important to ensure that Class Members submitting valid claims receive a correct share of the Settlements.

10. How And When Will I Get A Payment?

If final approval is granted to the settlements, Class Members who have filed valid and timely claims will receive cash payments and may receive them distributed directly into an online account, as possible examples only: an Amazon account, PayPal account, or a Google Wallet account. If you are a Class Member with valid and timely claims and would prefer to receive a physical check, please submit a written request by September 30, 2017 to Lithium Batteries Indirect Purchaser Settlements, c/o KCC Class Action Services, P.O. Box 43454, Providence, RI 02940-3454.

The timing of the distribution will be requested by Plaintiffs' lawyers and approved by the Court. It may not occur until the settlements are final, through resolution of any appeals. The lawyers for the Plaintiffs will continue to pursue the lawsuit against the Non-Settling Defendants. All Settlement Funds that remain after payment of the Court-ordered attorneys' fees, service awards, costs, and expenses will be distributed within 45 days of the final judgment (which includes resolution of any appeals), unless modified by the Court.

REMAINING IN THE CLASS

11. What Happens If I Remain In The Class?

You will give up your right to sue the Settling Defendants on your own for the claims described in detail in the Settlement Agreements unless you exclude yourself from the Class. You also will be bound by any decisions by the Court relating to the Settlements. In return for paying the Settlement Amounts and providing the non-monetary benefits, the Settling Defendants (and certain related entities defined in the Settlement Agreements) will be released from claims relating to the alleged conduct pertaining to any indirect purchase of cylindrical, prismatic, or polymer battery cells or packs (including cylindrical, prismatic, or polymer battery cells or packs contained in finished products). The Settlement Agreements describe the released claims in detail, so read them carefully since those releases will be binding on you if the Court approves the Settlements. If you have any questions, you can talk with Class Counsel for free, or you can, of course, talk with your own lawyer (at your own expense) if you have questions about what this means. The Settlement Agreements and the specific releases are available at www.reversethecharge.com.

The motion will be posted on the website 14 days before the deadline for requests for exclusion or objections to the settlement, and you will have an opportunity to comment on the motion.

OBJECTING TO THE SETTLEMENTS**17. How Do I Object To Or Comment On The Settlements?**

If you have objections to or comments about any aspect of the Settlements, you may express your views to the Court. You can object to or comment on the Settlements only if you do not exclude yourself from the Class. To object to or comment on the Settlements, you must:

- Specify in writing your name, address, and telephone number;

QUESTIONS? VISIT WWW.REVERSETHECHARGE.COM OR CALL 1-855-730-8645

- Clearly identify in writing the case name, number, and settlement (*In re Lithium Ion Batteries Antitrust Litigation – All Indirect Purchaser Actions*, MDL No. 2420, Indirect Purchaser Settlements);
- Submit your letter to the Court either by mailing it to the Class Action Clerk, United States District Court for the Northern District of California, 1301 Clay Street, Oakland, CA 94612, or by filing it in person at any location of the United States District Court for the Northern District of California; and
- Make sure that the letter is filed or postmarked on or before June 12, 2017.

18. What Is The Difference Between Excluding Myself From The Class And Objecting To The Settlements?

If you exclude yourself from the Class, you are telling the Court that you do not want to participate in the Settlements. Therefore, you will not be eligible to receive any benefits from the Settlements, and you will not be able to object to the Settlements. Objecting to a Settlement simply means telling the Court that you do not like something about the Settlements. Objecting does not make you ineligible to receive a payment.

THE FINAL FAIRNESS HEARING

The Court will hold a hearing to decide whether to approve the Settlements and any requests by Class Counsel for fees, costs, expenses, and Class representative service awards. You may attend and you may ask to speak, but you do not have to do so.

19. When And Where Will The Court Decide Whether To Approve The Settlements?

The Court will hold a Final Fairness Hearing at 2:00 p.m. on August 1, 2017, at the United States Courthouse, 1301 Clay Street, Courtroom 1, 4th Floor, Oakland, CA 94612. The hearing may be moved to a different date or time without additional notice, so check the Court's PACER site, www.reversethecharge.com, or call 1-855-730-8645 to confirm the date has not been changed. At this hearing, the Court will consider whether the Settlements are fair, reasonable, and adequate. If there are objections or comments, the Court will consider them at that time and may listen to people who have asked to speak at the hearing. The Court may also decide how much to pay Class Counsel, or to provide service awards. At or after the hearing, the Court will decide whether to approve the Settlement.

20. Do I Have To Attend The Hearing?

No. Class Counsel will answer any questions the Court may have. But you are welcome to attend at your expense. If you send an objection or comment, you do not have to come to Court to talk about it. As long as you mailed your written objection on time, the Court will consider it. You may also hire your own lawyer at your own expense to attend on your behalf, but you are not required to do so.

21. May I Speak At The Hearing?

If you send an objection or comment on the Settlements, you may have the right to speak at the Final Fairness Hearing as determined by the Court. You cannot speak at the hearing if you exclude yourself from the Class.

THE TRIAL

22. When And Where Will The Trial Against The Non-Settling Defendants Take Place?

If the case against the Non-Settling Defendants is not dismissed or settled, the Plaintiffs will have to prove their claims against the Non-Settling Defendants at trial. Trial dates have not yet been set.

At the trial, a decision will be reached about whether the Plaintiffs or the Non-Settling Defendants are right about the claims in the lawsuit. There is no guarantee that the Plaintiffs will win any money or other benefits for Class Members at trial.

23. What Are The Plaintiffs Asking For From The Non-Settling Defendants?

The Class representatives are asking for money for Class Members. The Class representatives are also seeking an order to prohibit the Non-Settling Defendants from engaging in the alleged behavior that is the subject of the lawsuit.

24. Will I Get Money After The Trial?

If the Plaintiffs obtain money or benefits as a result of a trial or settlement, Class Members will be notified about how to ask for a share or what their other options are at that time. These things are not known right now.

LEGAL NOTICE

If You Bought Electronics Such as a Portable Computer, Power Tool, Camcorder and/or Other Items Containing a Lithium Ion Cylindrical Battery Since 2000

You Could Get Money From \$44.95 Million in Settlements

LG Chem, Ltd. and LG Chem America, Inc. (“LG Chem”), Hitachi Maxell Ltd. and Maxell Corporation of America (“Hitachi Maxell”), and NEC Corporation (“NEC”), or collectively “the Settling Defendants,” have agreed to settlements resolving claims that they allegedly fixed the price of cylindrical Lithium Ion Battery Cells. This may have caused individuals and businesses to pay more for the following products which contained Lithium-Ion Cylindrical Batteries: (i) portable computers; (ii) power tools; (iii) camcorders; or (iv) a replacement battery for any of these products.

Am I Included?

You may be included if, as a resident of the United States and during the period from January 1, 2000 through May 31, 2011, you indirectly purchased new for your own use and not for resale one of the following products which contained a lithium-ion cylindrical battery manufactured by one or more Defendants in this lawsuit or their co-conspirators: (i) a portable computer; (ii) a power tool; (iii) a camcorder; or (iv) a replacement battery for any of these products. “Indirectly” means the product was purchased from someone other than the manufacturer, such as a retail store. A more detailed notice, which includes additional information about the settlements, is available at www.reversethecharge.com.

What do the Settlements provide?

The LG Chem Settlement provides for the payment of \$39,000,000 in cash to the Class. The Hitachi Maxell settlement provides for the payment of \$3,450,000. The NEC settlement provides for the payment of \$2,500,000. The Settling Defendants have also agreed to cooperate in the pursuit of the litigation.

Previously, notice was provided about a settlement reached with Sony Corporation, Sony Energy Devices Corporation, and Sony Electronics Inc. (collectively “Sony”) for \$19,500,000. Below, there is information about how to receive benefits from the Sony settlement.

How can I get a payment and how much will I receive?

At this time, it is unknown how much each Class Member who submits a valid claim will receive from the LG Chem, Hitachi Maxell, and NEC Settlements. Payments will be based on a number of factors, including the number of valid claims filed by all Class Members and each Class Member’s number of purchase(s) of the products described above, in proportion to the total claims filed and products purchased. No matter how many claims are filed, no money will be returned to the Settling Defendants once the Court finally approves the settlements.

The claims period for the Sony settlement will be opened up and occur during the same time period as the claims period for the LG Chem, Hitachi Maxell, and NEC settlements. Payments to Class Members from the Sony settlement will be based on a number of factors, including the number of valid claims filed by all members of the Sony Class and each Class Member’s number of purchase(s) of laptop PCs, notebook PCs, netbook computers, tablet computers, mobile phones, smart phones, cameras, camcorders, digital video cameras, digital audio players, power tools, or a replacement battery for any of these products, in proportion

For More Information: 1-855-730-8645 / www.reversethecharge.com

to the total claims filed and products purchased. No matter how many claims are filed, no money will be returned to Sony once the Court finally approves the Settlement.

To make a claim and get payment from any of these settlements, you will need to file a valid claim form online or by mail by September 30, 2017. **The simple online claim form only takes 3-5 minutes for most individuals to complete. You will find the claim form at www.reversethecharge.com.** Claims may be submitted online at www.reversethecharge.com or by mail to Lithium Batteries Indirect Purchaser Settlements, c/o KCC Class Action Services, P.O. Box 43454, Providence, RI 02940-3454.

If final approval is granted to the settlements, Class members who have filed valid and timely claims will receive cash payments, and may receive them distributed directly into an online account, as possible examples only: an Amazon account, PayPal account, or a Google Wallet account. If you are a Class Member with valid and timely claims and would prefer to receive a physical check, please submit a written request by September 30, 2017 to Lithium Batteries Indirect Purchaser Settlements, c/o KCC Class Action Services, P.O. Box 43454, Providence, RI 02940-3454. The timing of the distribution will be requested by Plaintiffs' lawyers and approved by the Court. It may not occur until the settlements are final, through resolution of any appeals. The lawyers for the Plaintiffs will continue to pursue the lawsuit against the Non-Settling Defendants. All Settlement Funds that remain after payment of the Court-ordered attorneys' fees, service awards, costs, and expenses will be distributed within 45 days of the final judgment (which includes resolution of any appeals), unless modified by the Court.

If you want to receive notice about the claims process or future settlements, you should register at www.reversethecharge.com.

What are my rights?

Even if you do nothing, you will be bound by the Court's decisions concerning these Settlements. If you want to keep your right to sue the Settling Defendants regarding Lithium Ion Battery and/or Lithium Ion Battery Product purchases, you must exclude yourself in writing from the Class by June 12, 2017. If you stay in the Class, you may object in writing to the Settlements by June 12, 2017. The Settlement Agreements, along with details on how to exclude yourself or object, is available at www.reversethecharge.com. The U.S. District Court for the Northern District of California will hold a hearing on August 1, 2017 at 2:00 p.m., at 1301 Clay Street, Courtroom 1, 4th Floor, Oakland, CA 94612 to consider whether to approve the Settlements. Class Counsel will also request at the hearing, or at a later date, attorneys' fees of up to 30% of the settlement funds, plus reimbursement of costs and expenses, for investigating the facts, litigating the case, and negotiating the settlements. Class Counsel also will request service awards for Class Representatives in the amount of \$1,500 each. You or your own lawyer may appear and speak at the hearing at your own expense, but you are not required to appear. The hearing may be moved to a different date or time without additional notice, so it is a good idea to check the website for additional information. Please do not contact the Court about this case.

If the case against the other Defendants is not dismissed or settled, Class Counsel will have to prove their claims against the other Defendants at trial. Dates for the trial have not yet been set. The Court has appointed the law firms of Cotchett, Pitre & McCarthy, LLP; Lieff Cabraser Heimann & Bernstein, LLP; and Hagens Berman Sobol Shapiro LLP as Class Counsel, to represent Indirect Purchaser Class members.
